EOL
End of Life

EOL-Nr.: 301026_1 | **Datum:** 30.10.2026

Dear Business Partners

Following a thorough review of our product portfolio, we have identified several items that are either no longer being manufactured or are only produced in very small quantities.
As maintaining these products in our databases, technical drawings, and on our website is no longer economically viable, we have decided to discontinue the following items and designate them as End of Life (EOL).

Affected products:
EOL_301026_All standard articles
EOL_301026_ All articles without economic viability

As this portfolio optimization is being carried out solely for economic reasons, we can reactivate individual items if the annual demand reaches a minimum value of **€3,000**.

Last Order and Final Delivery Dates
Last orders for the following items can be placed until **March 31, 2027**.
The final delivery date for these items is **December 30, 2027**.

EOL_301026_All standard articles

If you have any questions, please contact your usual sales representative or reach out to us at salesteam@conec.com.

Thank you for your trust and continued cooperation. We look forward to continuing our successful business relationship with you.

Kind regards
