

Discontinuation of grey powder-coated Heavy Duty Connectors

Discontinuation of grey powder-coated Heavy Duty Connectors

previous articles

substitute articles

Discontinuation of grey powder-coated Heavy Duty Connectors

- Replacement articles are generally delivered with a standard thread^① for the cable exit and without pre-installed thread-extenders^②. If a housing with thread-extender^② was previously used in combination with a standard cable gland^③, the replacement offers full compatibility. Please use the recommended substitute.

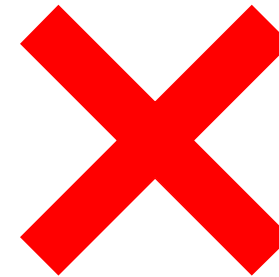

Discontinuation of grey powder-coated Heavy Duty Connectors

- If a housing with thread-extender¹ was previously used in combination with a semi-gland² or wire-protection adapter³, you can choose to use an additional extension adapter⁴ or select a standard cable gland or wire-protection adapter from our accessories.
- Please contact your local contact in your country

Discontinuation of grey powder-coated Heavy Duty Connectors

- Housings with central locking latch will not have a direct substitute
- Please contact your local contact in your country

Cable gland overview

- On the following pages you will find an overview of our cable glands. Please use this overview for following actions:
 - Check the recommended cable glands
 - Compare the clamping ranges between the different cable glands and choose the right cable gland for your specific application

Cable gland overview

- Plastic cable glands
