Product Change Notification

1. ECR #: 213026
Notification #: 629

2. Date of Announcement: March 24, 2022

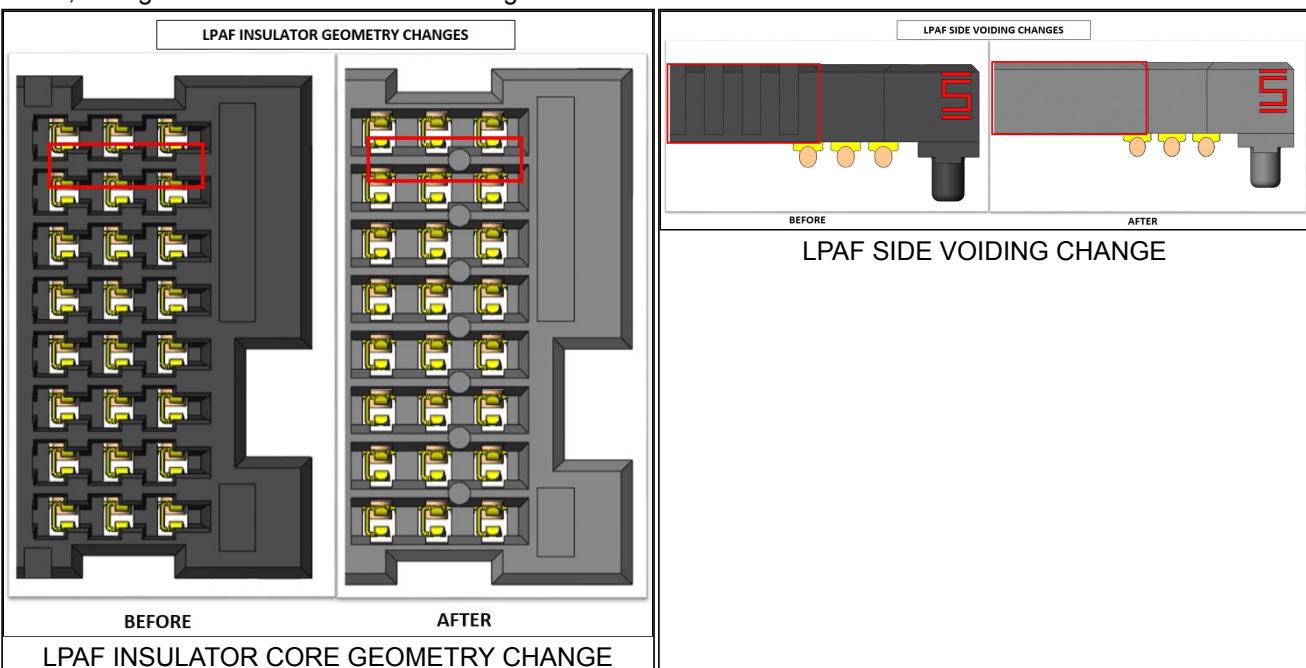

3. Series:
• LPAF - LPAF SOCKET ASSEMBLY

4. Part #'s Affected
• LPAF-XX-XX.X-X-XX-X-K-TR

5. Description of Change:
Mating side insulator core geometry and side voiding changes. The cores will go from a T shaped core to a rectangular shape and the side walls will go from ribbed to smooth.

6. Method of Identifying Change

Visual, changes will be visible under 10x magnification.

7. Reason for Change:

Both the insulator core geometry and side voiding changes were to improve the manufacturability of the connector. This is being modified as a rolling change. Old and new revisions of material may be received until change is complete.

8. Impact of Change on Form, Fit, or Function:

- Function - These changes will not affect mechanical or electrical integrity of the connection, no change to function.
- Fit - No change to the fit. These changes are backward compatible with existing LPAX.
- Form - Mating-side insulator core geometry was modified to improve the manufacturability.

9. Projected Implementation Date: June 22, 2022

Disclaimer

Please review the change notification details listed above for specific information regarding the nature and timing of the change. While Samtec has taken precautions to ensure this change is not detrimental to your application, each application can be unique and therefore customers should consider the effect of the change on their specific application.

Samtec has taken efforts to ensure that all users of this product who have requested change notifications have been informed. However, you should assume that this is the only notification that will be sent and you, as the recipient, must determine how to communicate this information to your organization(s) and customer(s) as appropriate. If you wish to opt out of receiving Samtec Product Change Notification emails, please contact CustomerECN@samtec.com. Due to technical progress, specifications are subject to change without notification and it is recommended to provide an alternative contact when opting out.

Please contact Samtec at CustomerECN@samtec.com for any questions related to this change.
