Change Detail	
<b>Description of Change</b>	TT Electronics is announcing that the SP20/F, SPH/F, SPP Series standard packing is tape & reel and bulk packing options have been taken End of Life, (EOL). A full list of affected part numbers can be found in Appendix 1.
<b>Reason for Change</b>	This change in packing options and non-standard packing EOL announcement is part of TT Electronics long-term strategy to optimize efficiencies and rationalize product lines.
<b>Implementation Plan</b>	The non-standard bulk options will go end of life with immediate effect. No Last Time Buy will be available.
<b>Customer Impact</b>	Product form, fit or function is unchanged, however non-standard bulk options are no longer available and product will be supplied in standardized packing. Please refer to datasheet for details
<b>Recommendations</b>	Customers are advised that non-standard packing options are being removed from the standard product range. Please contact your local Sales / BDE team for assistance in selecting an alternative solution if required.

## Appendix 1

### Example of a Generic Part number

Applies to all part numbers with generic form, example:

SPH-xxxtl / SPHxxxxtLF

where xxx(x) is resistance value

t = resistor tolerance
