

520 Park East Blvd., New Albany, IN 47150 U.S.A
(812)-944-6733 / 1-800-SAMTEC9

Product Change Notification

1. ECR #: 218529
Notification #: 654

2. Date of Announcement: November 11, 2022

3. Series:
• TFM - .050 X .050 MICRO STRIPS

4. Part #'s Affected
• TFM

5. Description of Change:
Changing pick and place pad from black to white (aka natural).

6. Method of Identifying Change
The new product is white (aka natural) in color and the old one is black.

Black is the old pad and white (aka natural) is new pad.

7. Reason for Change:
The new pad exerts less force on the connector which helps minimize mechanical issues that a few customers experienced over the life of the TFM product.

8. Impact of Change on Form, Fit, or Function:
• Form - Color change from black to white (aka natural).

9. Projected Implementation Date: February 09, 2023

Disclaimer

Please review the change notification details listed above for specific information regarding the nature and timing of the change. While Samtec has taken precautions to ensure this change is not detrimental to your application, each application can be unique and therefore customers should consider the effect of the change on their specific application.

Samtec has taken efforts to ensure that all users of this product who have requested change notifications have been informed. However, you should assume that this is the only notification that will be sent and you, as the recipient, must determine how to communicate this information to your organization(s) and customer(s) as appropriate. If you wish to opt out of receiving Samtec Product Change Notification emails, please contact CustomerECN@samtec.com. Due to technical progress, specifications are subject to change without notification and it is recommended to provide an alternative contact when opting out.

Please contact Samtec at CustomerECN@samtec.com for any questions related to this change.
