EOL Notification for TDK's Ceramic Capacitors on C1005~C2012 LP (Low Profile) products

Dear Customers,

Thank you for your business and continued support for TDK's ceramic capacitors.

This letter is to inform you of the product status changes in the TDK MLCC catalog for End Of Life (EOL) on C1005~C2012 LP (Low Profile) products.

This products has been experiencing drastic decline in market sales/production due to its decreasing demand by recent market trend such as minituarization and low ESL.

Unfortunately, the demand is not expected to recover in the future thus TDK has decided to improve productivity by this EOL.

Therefore, TDK would like to ask your consideration on switching to our alternative product or ordering the final required quantity at once, or transfer your order to other company's products.

We apologize for the inconvenience caused, but we would appreciate your consideration as soon as possible.
