Product Change Notification

Date: 2022. 11. 3

NO.: PCN-202211004	Model NO.: BV-F603UCA
Customer Name: All customers	Effective Date: 2022/11/3 Execution date: Effective after customer sign back
Change Content: Bencent Electronics will EOL the product BV-F603UCA, original product will not be provided after the current stock of 1.2KK is finished. It is recommended that customers use the upgraded product BV-F603UCG to replace the original product BV-F603UCA.	
Reason of Change: The market demand of BV-F603UCA is small and unstable, which is not conducive to raw material preparation and factory production. Therefore, Bencent Electronics will EOL the BV-F603UCA.	
Change Description The upgraded product BV-F603UCG has better Ipp and Vc than the original product BV-F603UCA (refer to the comparison report for details). It is recommended that customers use BV-F603UCG in the future. Bencent Electronics can provide upgraded samples and EMC verification services. Please understand the inconvenience.
