RE: LFPCN 41454 - Littelfuse TVS STD SOD-123FL package additional Assy site approval

To: Our Valued Customers

In order to support our fast-growing demand and secure continuity of supply for our customers, Littelfuse will be adding two additional assembly/test sites for the TVS STD products SOD-123FL (SMF) package, including SMF, SMF4L, and SMF3.3 Series.

The electrical performance of the affected product will remain within the existing datasheet specifications. The fit, function, and reliability of affected products will remain same. In order to standardize the package specifications, the datasheets of affected Series will be updated. Please refer to the appendix for the changes.

All affected products have been fully qualified in accordance with established performance and reliability criteria. Please refer to the attached affected parts list and documentation for qualification result and change details. Samples and qualification data are available upon request.

Form, fit, function changes: No change to fit & function. Refer to appendix for form changes.

Part number changes: None

Effective date: Aug 15th, 2023

Replacement products: N/A

Last time buy: N/A

This notification is for your information and acknowledgement. If you have any other questions or concerns, please contact your local sales team or product team below for further assistance.

We highly value your business and look forward to assisting you whenever possible.

Product/Process Change Notice (PCN)

PCN#: LFPCN #41454 **Date:** May 12th, 2023

Product Identification:

SOD-123FL (SMF) Package products of TVS
STD, including SMF, SMF4L, SMF3.3/-A and
SMF4.0 Series

Implementation Date for Change:

Aug 15th, 2023

Category of Change:

- Assembly Process
- Data Sheet
- Technology
- Discontinuance/Obsolescence
- Equipment
- Manufacturing Site
- Raw Material
- Testing
- Fabrication Process
- Other: _____

Description of Change:

In order to support our fast-growing demand and secure continuity of supply for our customers, Littelfuse will be adding two additional assembly/test sites for the TVS STD products SOD-123FL (SMF) package, including SMF, SMF4L, SMF3.3/-A and SMF4.0 Series.

The electrical performance of the affected product will remain within the existing datasheet specifications. The fit, function, and reliability of affected products will remain same. In order to standardize the package specifications, the datasheets of affected Series will be updated. Please refer to the appendix and qualification report for the changes.

All affected products have been fully qualified in accordance with established performance and reliability criteria.

Important Dates:

Qualification Samples Available: sample available upon request

Last Time Buy:

Final Qualification Data Available: May 9th 2023

Date of Final Product Shipment:

Method of Distinguishing Changed Product

- Product Mark,
- Date Code, traceability data available upon request
- Other,

Demonstrated or Anticipated Impact on Form, Fit, Function or Reliability:

N/A

LF Qualification Plan/Results:

Littelfuse Qualification Report is Available as attached and full detail data available upon request.

Customer Acknowledgement of Receipt: Littelfuse requests you acknowledge receipt of this PCN. In your acknowledgement, you can grant approval or request additional information. Littelfuse will assume the change is acceptable if no acknowledgement is received within 30 days of this notice. Lack of any additional response within 90 days of PCN issuance further constitutes acceptance of the change.
