**New Design In Stop Notice**

All of the piezoelectric diaphragms used for sounder in alarm systems  
6NB series, 7BB series, 7D series and 7NB series

Dear. Valued Customer

Thank you very much for your great and continued support for business with Murata.

This is the official notification that some of our products detailed below shall be out of sales promotion with the immediate effect.

Please review this, and refrain from designing the products affected into your new models and projects. Your understanding and support are highly appreciated.

**1. Product Type, Customer/Murata/Alternative Part Numbers:**

Product Type: All of the piezoelectric diaphragms used for sounder in alarm systems  
6NB series, 7BB series, 7D series and 7NB series  
except the series or part numbers that have already issued EOL.

Please refer to the attached documents for detailed Part Numbers' information.

**2. Reasons/Background:**

As the market continues to shrink, there are high possibility that raw materials will discontinue production, and we have determined that it will be difficult to our production in the future.

Also, please be informed that these parts will be withdrawn as per the schedule below.

The official notification of the Product Withdrawal will be submitted about one year later.

Last Time Order Due: Mar. 31, 2026

Last Shipment Date: Mar. 31, 2027

**3. Contact Window:**

Should you have any questions or concerns,  
please contact Murata Sales, Representative, or Distributor in your area.

Truly Yours. Thank you.

Murata Manufacturing, Co., Ltd.  
Product Engineering Department, Functional Device Division
