PTN/23/012/C+N

Product range: Board Connectors / har-bus HM

Date: 2023-08-21

Author: Niklas Wittler

Title: harbus HM phase out of carton packaging for special types -
External

Details of product termination

1. Concerned part number (see also attachment):

17211101102030
17211102101030
17211102102030
17211104102030

2. Reason for termination:

In some cases transport damage occurred at this special type of Harbus HM connectors. This damage can easily be prevented by using the former tube packaging instead of carton boxes. Therefore we will phase out the above numbers with carton packaging. The products are still available packed in tubes.

3. Possible replacement products

The same products packed in tubes. To order them please delete the last 3 digits of the above numbers.

17211101102030 → 17211101102
17211102101030 → 17211102101
17211102102030 → 17211102102
17211104102030 → 17211104102

As this is to prevent quality issues, we would like to ask you to switch your orders to the tube packaging product numbers as soon as possible. We will set up the system so that new orders are automatically changed to the above numbers. In case you have a major problem with this change, please contact your HARTING support.

4. Scheduled date of:

1. *Last order: New orders can only be accepted in exceptional cases.*
2. *Last delivery: already confirmed orders.*
