

2. Date of Announcement: April 15, 2024

3. Series:

ARC6 - ARC6 ASSEMBLY

4. Part #'s Affected

1. ECR #: 233320

Notification #: 724

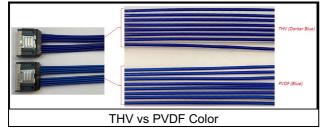

• ARC6-XX-XX.X-XX-XX-XX-1

5. Description of Change:

Revised product will use cables with PVDF jacket material instead of THV material. This will be a rolling change as existing THV inventory is depleted.

6. Method of Identifying Change

Revised product can be identified visually by a lighter shade of blue.

7. Reason for Change:

Samtec has been informed by our 3rd party supplier of THV that THV is going End of Life and no longer supported. Samtec analyzed alternative materials and has selected and qualified PVDF as an approved alternative.

8. Impact of Change on Form, Fit, or Function:

- Form No dimensional changes, weight change from 1.723 to 1.673 lb /1000ft*, color change as described in Section IV. Method of Identifying Change
- 9. Projected Implementation Date: July 14, 2024

Disclaimer

Please review the change notification details listed above for specific information regarding the nature and timing of the change. While Samtec has taken precautions to ensure this change is not detrimental to your application, each application can be unique and therefore customers should consider the effect of the change on their specific application.

Samtec has taken efforts to ensure that all users of this product who have requested change notifications have been informed. However, you should assume that this is the only notification that will be sent and you, as the recipient, must determine how to communicate this information to your organization(s) and customer(s) as appropriate. If you wish to opt out of receiving Samtec Product Change Notification emails, please contact <u>CustomerECN@samtec.com</u>.Due to technical progress, specifications are subject to change without notification and it is recommended to provide an alternative contact when opting out.

Please contact Samtec at CustomerECN@samtec.com for any questions related to this change.
