Re : Add Laser marking to SV03 series

We thank you very much for your continuous business relationship regarding our Rotary Position Sensors. Today, we would like to announce that we will add laser marking to SV03 series in order to increase production capacity of this product.

1. Subject ; SV03 series

Please see attachment " Shipping record " for your part number.

2. Purpose

To increase production capacity

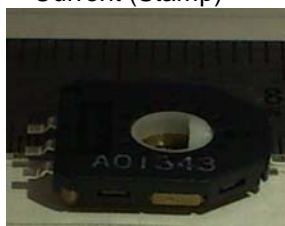

3. Content of addition

We will add the Laser marking method.

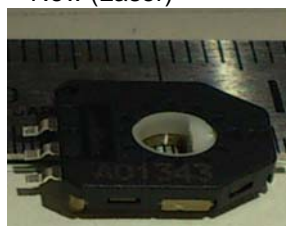

As the below appearance will change, so please refer to the following photos.

- Font
- Print Size
- Recognition of marking

Current (Stamp)

New (Laser)

4. Schedule

October 1st 2014 Delivery onwards (Automatically change).

5. Other

Marking content, parts No., electrical and mechanical characteristics, specifications and reliability do not change.

If you have any questions or requests, please do not hesitate to contact us.
Your kind understands and cooperation would be greatly appreciated.

Sincerely yours,

A handwritten signature in black ink, which appears to read 'T. Kaneko'.

Authorized by
Takayuki Kaneko
Manager
Thermistor and Variable Products Dep.
