Product Change Notification

1. ECN #: 264475

2. Date of Announcement: December 22, 2015

3. Series:

- ASP - ASP

4. Part #'s Affected

- ASP-173556-02

5. Description of Change:

Changing LMP-02 Pick & Place Pad material from VECTRA E130i, COLOR: NATURAL to BRASS ALLOY 260, 3/4 HARD. This is a print update only. The material type was incorrectly stated and this change is being made to correct the text error. The parts are not changing; only the text on the print.

6. Method of Identifying Change

There is no physical difference in the product. The text describing the material is being changed as stated above.

7. Reason for Change:

The error on the material type on the print was brought to engineering's attention and is being corrected. While the physical properties are not changing, we are sending this notification because the material is changing per the print. There is no change to the actual product.

8. Impact of Change on Form, Fit, or Function:

- Form - BOM component material changes

9. Projected Implementation Date: December 19, 2015
