Product Change Notification

1. ECN #: 296251

2. Date of Announcement: March 29, 2017

3. Series:

- ASP-114463-01

4. Part #'s Affected

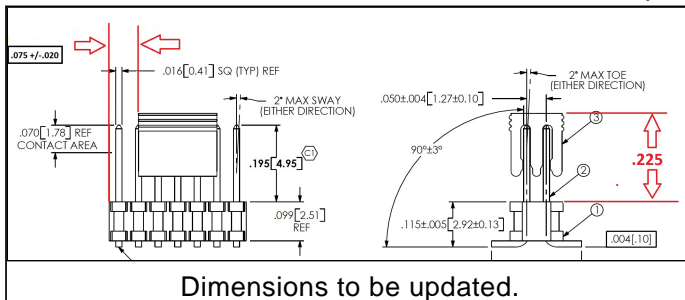

- ASP-114463-01

5. Description of Change:

Print dimensional update of dimension .225 and .075 +/- .020 to control the pick and place pad height and location.

6. Method of Identifying Change

There is a concern that has been reported that the pick and place pad has not been properly assembled onto the product. The pad is not assembled flat on the product which affected the SMT machine pick up. In order to resolve this, dimensional control will be updated to control the pad height and location.

7. Reason for Change:

eQP #338886. Customer detected pad not assembled flat on the part which affected the SMT machine pick up.

8. Impact of Change on Form, Fit, or Function:

- Form - Print has been updated with dimension .225 and .075 +/- .020 to control the pick and place pad height and location.

9. Projected Implementation Date: April 15, 2017
