To: Valued Customer

From: Littelfuse Product Management

**Subject: Additional Supply of 356 Series Fuses**

With regards to the above reference, Littelfuse is currently supplying 356 series from Europe.

With the expectation of increasing demand and the assurance of supply, Littelfuse would be looking at supporting future needs from our Plant in Suzhou (China) as well. It will be effective on Jun 16th, 2017.

The part numbers remain the same.

There is no change on Form, Fit, Function or Reliability.

Affected Part Numbers
35602000029
35604000029
35605000029
35606300029
35608000029
35611000029
35611250029
35611600029
35612000029
35612500029
35613150029
35614000029
35615000029
35616300029
35618000029
35621000029

In order to aid in tracking, identical parts may be marked with or without the letter "Z".

Here below shows the marking on fuse caps.

Item	Europe	Suzhou
Cap1	T6.3A440V 	T6.3A440V Z 
Cap2	cURus V	cURus V

Please let us know, should you require any support or have any further queries.
