

## Product discontinuation

PCN No.	IAB170027	Date	22.11.2017
Product	7/8" connector		

### Description of the change

It is our objective to provide you with current products for your application. To this end, for economic and technical reasons, it is necessary to review the product portfolio and adapt the product lifecycle regularly.

For this reason, we are discontinuing the 7/8" connector as of 2017-11-01.

All affected products are documented in the annex. Our new M12 L codes offer a technical alternative to the 7/8" series. Our sales team is glad to support you in this selection.
