Modification of marking field
<p>As part of the ongoing improvement process, the side panel of the connector is being changed. The certification marks will be updated to achieve uniform marking within the product ranges. In addition, the obsolete technical VDE data will be removed.</p> <p>Technical data or product properties are unaffected by the change. Depending on the amount of stock and the number of positions, both versions will be supplied in parallel during the changeover phase.</p>
