Custom	All Types	Custom metal glaze products

Change Detail	
Description of Change	TT Electronics is making a change to the resistor glaze material used on the affected products, listed above. There will be no change to the datasheet, form, fit or function of the device and this PCN is for notification only.
Reason for Change	A material used in the resistor glaze blend has been taken EOL by the supplier and a drop in replacement has been qualified

Implementation Plan	The new glaze will be used on product manufactured after April 2018 with all products converted to the new glaze by December 2018
Customer Impact	No impact. Product form, fit or function is unchanged. Qualification test report available if required
Recommendations	N/A
Availability of Previously Manufactured Product	N/A
Availability of Approval Samples	N/A - Qualification test report available if required
