

Difference between 2610 and 2600

Part # : MM8430-2610B/MM8430-2600B

Mechanical

Unit : mm

Change Point

- Resin Material.

PPS

LCP

- Part Number.

MM8430-2600*

MM8430-2610*

Feature (Compare with MM8430-2600*)

- Improved heat resistance in reflow.
Peak Temp. 260 °C → **270 °C**
- Same size and construction.
- Identical electrical performance.
- Same land and solder stencil size are available.
- Same measurement probes are available.

**Improved reliability
in lead-free reflow soldering!!**
