

Product change information (PCN)

PCN No.:	ACK170156	Date:	18.06.2018
Product:	Additional supplier for REL-MR... relay		

Order No.	Designation	As of product revision	Hardware/firmware, old	Hardware/firmware, new
	See attached product list			

Description of changes

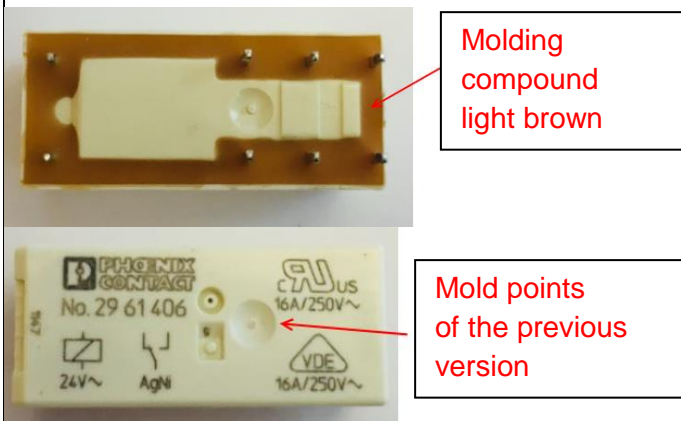

Product appearance (fit)
 Product geometry (form)
 Product function (function)

To ensure supply security, we are procuring the elementary relays in the attached product list from an additional supplier (second source strategy). As the elementary relays are incorporated in different relay modules, these products are also affected by the change.

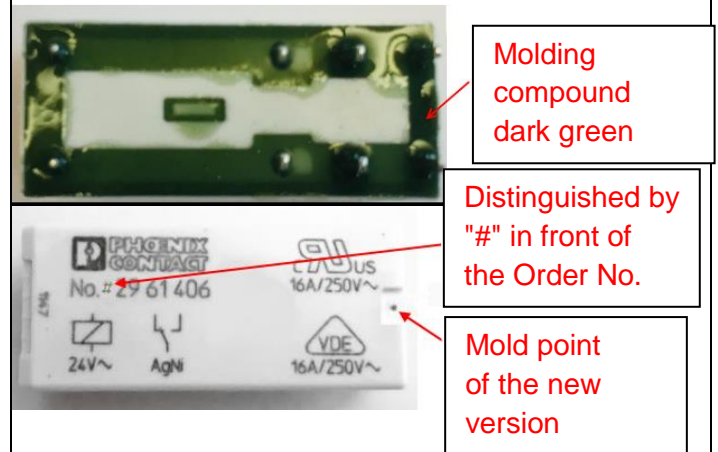

The new relays include several **optical** differences to the existing types. These are shown on the photos. The **technical** data remains unchanged.

To enable you to promptly benefit from the advantages of this change, we will implement it very rapidly.

Previous production status

New production status

Expected initial delivery of the changed product(s)
