

Product discontinuation information

PCN-No.:	NAA140087	Date:	28.01.2019
Products:	See article list		

Description of change

It is our target to offer you current and modern products for your applications at any time. Due to the production changeover from small series tools to series tools along with a material conversion from PA 4.6 GF to PA 6.6 GF, we hereby discontinue the articles as of February 1, 2019. Orders will be shipped from 2019-02-01 implemented directly on the alternatives. These are geometrically absolutely identical and compatible with the previous articles. There are no changes in the technical data. Except for a different article no. you will not notice any difference. Thank you for your understanding.

General time scheduling

Last order	Last Shipment
