PCN/19/022/PM+MD

Product range: Board connectors / har-flex

Date: 2019-08-22

Author: Niklas Wittler / Erich Dombrowski

Title: har-flex change to black pick and place pads - External

Details of Product Changes

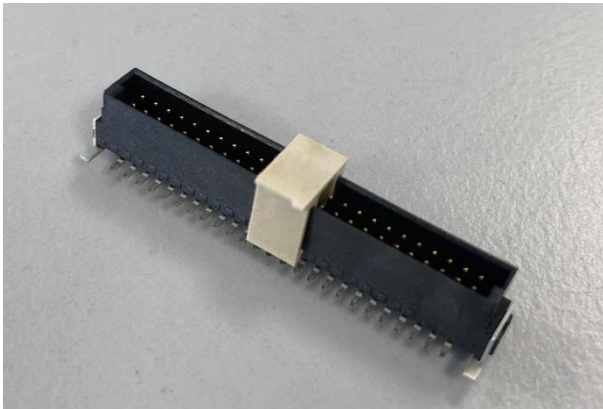

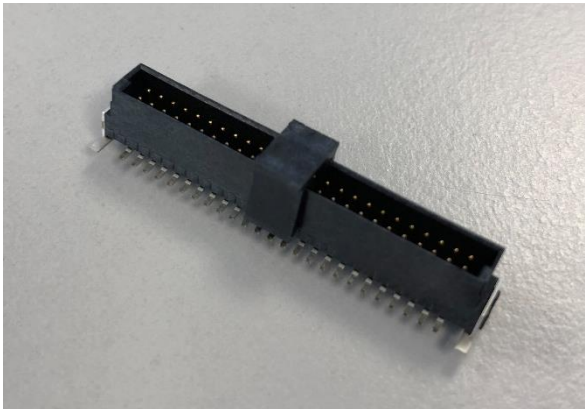

1. Concerned part number (see also attachment):

1511*****01000; 1512*****01000; 1521*****01000; 1522*****01000; 1511*****01333;
1512*****01333; 1521*****01333; 1522*****01333;

*****can be a number between 00000 and 99999

2. Description of changes / news:

The former used natural white pick and place pad will be changed to black.
In the following pictures you can see an example connector affected by the change:

Old design: Natural white pick & place pad	New design: black vacuum pick & place pad
	

3. Impact on product specification:

None

4. Scheduled date of implementation:

Deliveries of connectors with the new pick and place pad will start in March 2020. Deliveries can contain both old and new pads from this time on. HARTING will ensure, that the products on one reel will all have the same pick and place pad.

5. Identification of change:

- New revision level 01
 - The "code:" on HARTING lables will change from ...R00 to ...R01
- Black pad instead of white
