**Notification – Expanding product portfolio in Philippines Manufacturing Co. of Murata, Inc**

Chip Multilayer Ceramic Capacitors (MLCC)

GCM21,31 Series (High Dielectric Constant Type/DC 100V and less/1uF and over/product range expansion)

Dear. Valued Customer

We would like to notify you of expanding product portfolio in Philippines Manufacturing Co. of Murata, Inc. to support capacity expansion and delivery of MLCC.

**1. Product Type, Changes, and Customer/Murata/Alternative Part Numbers:**

Product Type: GCM21,31 Series

(High Dielectric Constant Type/DC 100V and less/1uF and over/product range expansion)

Changes:  Man  Machine  Material  Method

Before Change	After Change
Izumo Murata Mfg. Co.,Ltd.	Izumo Murata Mfg. Co., Ltd. Philippines Manufacturing Co. of Murata, Inc. (PMM)

Please refer to the attached documents for detailed Part Numbers' information.

The new factory products will be labeled as "MADE IN PHILS.".

**2. Reasons/Background:**

In response to the MLCC demand increase from overseas market, we would like to restructure our factory organization and production. We are going to respond to this challenge by expanding production at PMM, which has been manufacturing MLCC since 2012.

**3. Products Before and After the Change:**

PMM products are produced with the same material, design, process, and technology as the factories in Japan.

**4. Schedule:**

Mass production start schedule of Target item in PMM

GCM21, 31(1uF and over additional product range) :

Mass Production will be able to start from Apr.1st 2021.

Shipment of new production items from PMM: After receiving your approval

**5. Customer Response Date:**

Please respond by March 31, 2021 regarding your acceptance of this Notification or if you need further discussion and/or adjustment with Murata.

**6. Contact Window:**

Should you have any questions or concerns, please contact Murata Sales, Representative, or Distributor in your area.

Truly Yours. Thank you.
