HARTING Product Change Notification

PCN

Business Unit: Electronics

PCN/20/013/PM+MD

Product range: Interface connectors / M8, M12 und 7/8''

Date: 2020-07-10

Author: Nikolaj Ponomarjow

Title: M12 PCB receptacles D-coded angled one-piece contacts - External

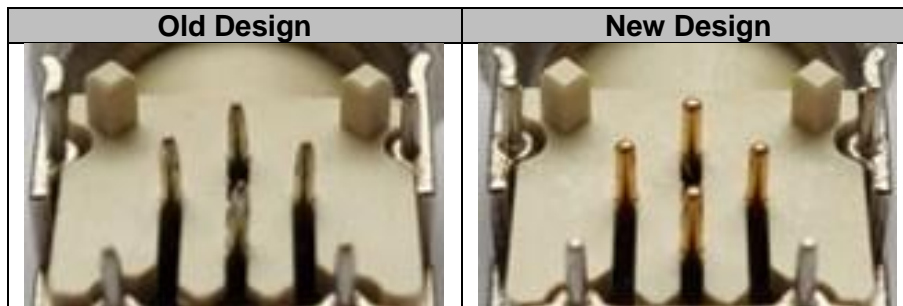

Details of Product Changes

1. Concerned part number (see also attachment):

21033814410, 21033814411, 21033814412, 21033814413, 21033814416, 21033814417, 21033814430, 21033814431, 21033814432, 21033814433

2. Description of changes / news:

Today a 2-piece contact will be used in angled D-coded M12 PCB receptacles. This 2-piece contact will be replaced by 1-piece contacts in future. This change will be performed in order to achieve a more stable and reliable manufacturing process. The change is visible by gold plated contact while old contact had a nickel plating.

3. Impact on product specification:

This change has no impact on the product specification and no influence on applications, as footprint of the M12 PCB receptacle remains unchanged.

4. Scheduled date of implementation:

The start of production with 1-piece contacts is scheduled for December 2020.

5. Identification of change:

- No new part number for the final part
- New revision level for the final part

6. Data sheet (optional):

-
