

## Product change notification (PCN)

<b>Title / short description</b>	Spring opener material change (revision increase, because other item families have been added)
<b>Affected article category</b>	PCB terminal blocks and PCB connectors
<b>Change category</b>	Material
<b>Change number</b>	NAA200003-02

---

### Purpose/objective of the change

Material change for spring levers

### Detailed description of the change

As part of our continuous product improvement process and, in particular, to ensure supply capability within our globally networked supply chains, the plastic material of the spring levers is being changed from PBT to a higher grade, fiberglass-reinforced PBT material. Due to impending production downtime, the material has already been in use since calendar week 16. The technical properties of the connectors are not affected by this change, and therefore remain unaltered. As of calendar week 21, the spring opener of the FMC 1,5 family will also be changed over. The following item families are also affected by the change and will be changed as follows: Calendar week 29: TFMC 1,5 Calendar week 30: IFMC 1,5 Calendar week 40: FK-MCP 1,5 Calendar week 40: SDDC 1,5

### Identifying characteristics

<b>Start of Production (SOP)</b>	-	<b>Last Time Delivery (LTD)</b>	-
<b>Effective date (EOP)</b>	2020-07-13	<b>End of Service (EOSR)</b>	-
<b>End of Sales (EOS)</b>	-		

### Short-term change (< 6 months) or discontinuation (< 12 months), due to:

- |   |   |  |
|---|---|--|
