### **SCRUS End Option -MBS End Of Life Notification**

Dear Valued Customer,

This notification is sent to inform you of Samtec's planned discontinuance of the End Option -MBS for the SCRUS-10 series. The option is no longer available. We do not have a replacement for this.

Samtec makes great efforts to avoid discontinuing products. Unfortunately, for this series end option, we no longer have a qualified source. In an effort to design and develop advanced products that meet the demanding technological needs of our customers and their end customers, the business decision to discontinue this option was finalized.

If you have any questions or concerns please contact Brett Lyvers, Product Manager for this series. Brett can be reached at [Brett.Lyvers@samtec.com](mailto:Brett.Lyvers@samtec.com).

Samtec greatly appreciates and value our business relationship, and we apologize for any inconvenience this necessary business decision may cause.

Best Regards,

Greg Reidinger  
Business Development Manager
