Änderung der Verpackung von B82733F und B82733V Rahmenkerndrosseln

Um die Verpackung von EPCOS Rahmenkerndrosseln zu standardisieren und die Stabilität während des Transports zu erhöhen, wird die Verpackung von Styropor- auf Blisterschalen umgestellt. Dabei vergrößern sich die Verpackungseinheiten (VE) und die Mindestbestellmengen (MBM) werden entsprechend angepasst.

Product / Process Change Notification

1. ID No. MAG-689300621		2. Date of announcement July 16, 2021	
3. Product / product group Frame core chokes	Old ordering code B82733F*, B82733V*	New ordering code No change	Customer part number n.a.
4. Description of change Packaging will be changed from polystyrene tray to blister tray. The number of products per packing unit will be increased as follows: B82733F* from 280 to 546 pcs; B82733V* from 270 to 336 pcs. Consequently the minimum order quantity will also be changed accordingly (see annex).			
5. Effect on the product or for the customer (benefit, quality, specification, lead time) Harmonization of package for the product families. Better environmental impact as new packaging materials can be recycled.			
6. Quality assurance measures / risk assessment Qualification for blister trays of these two FC choke families were done.			
7. Scheduled date of change November 1, 2021			
8. Estimated date of first delivery of changed product November 1, 2021 If TDK Electronics AG does not receive notification to the contrary within a period of 10 weeks, TDK Electronics AG assumes that the customer agrees to the change. <input checked="" type="checkbox"/> For an interim period we cannot rule out that old as well as new products will be shipped. <input type="checkbox"/> Future shipments can consist of old and new products as the new changed product is used as an alternative to the old product.
