Purpose/objective of the change

Adaptation of the packing unit (Pcs./Pkt.)

Detailed description of the change

In the future, our item will be delivered in a packing unit (Pcs./Pkt.) of either 25, 50, or 100 pieces instead of 10. This adaptation is being made for reasons of sustainability and in order to meet the current market requirements. Thanks to the larger packing unit, we can reduce the consumption of packaging material and therefore contribute to environmental protection. At the same time, this change enables us to respond more efficiently to the needs of our customers. The new packing unit (Pcs./Pkt.) can be found in the attached table.
