

Product discontinuation notification (PDN)

Title / short description	Discontinuation due to portfolio streamlining of M17-M58 circular connectors
Affected article category	Connector
Change category	Discontinuation
Change number	CAB250030-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

Discontinuation due to portfolio streamlining

Detailed description of the change

We always strive to provide you with state-of-the-art products for your application. To this end, for commercial or technical reasons, it is necessary to regularly evaluate the product portfolio and adjust the product lifecycle accordingly. In this context, we regret to inform you that the indicated products will be discontinued.

The replacement items must be carefully checked for suitability for your application, as they may differ from the discontinued products in terms of size, material, and/or assembly sequence. Therefore, the replacement items should be considered as a possible substitute, not as a 100% replacement.

Please note that Speedcon and Oneclick locking systems are not compatible. If a Speedcon product is to be replaced by a PRO series product with Oneclick quick locking, both the connectors on the field side and the device side must be replaced.
