

Process Change Notice

To: All concerned
From: Ignacio Alava
Date: June 23rd, 2025
No. of pages 1
PCN-Ref. No.: Change laser trimming for the PTC10 with DAE taper

This Process Change Notice has been issued to inform you prior to implementation of the change, as well as to get the qualification and approval of the new process.

This change does not affect the form, fit, function, quality, or reliability of the product.

Description of the change

Due to the tight tolerances of our 4K7 DAE taper resistive elements, we have adjusted the laser trimming distribution to achieve improved resistive value accuracy.

Reason for change

Improve resistance adjustment capability.
