

## Product change notification (PCN)

<b>Title / short description</b>	Elimination of instruction notes inside packagebag (SACC Quickon ";Q";)
<b>Affected article category</b>	Sensor/actuator cabling
<b>Change category</b>	Documentation, Packaging
<b>Change number</b>	CAF250055-01
<b>Reason for PCN/PDN Revision</b>	

### Purpose/objective of the change

In the interest of environmental aspects and sustainability, the enclosed printed installation notes will no longer be included inside the packaging bag..

### Detailed description of the change

The installation notes are no longer included in the packaging. This applies to the SACC M12 with Quickon connection type (old style with terminal block and name: ";Q;"). Thus, the connection technology follows the others (Push-Lock, Quickon, Crimp, etc.), where the omission has long been standard. The installation notes will now only be available in the download area directly on the product (e-shop) and no longer in paper form.

### Identifying characteristics

Increase of the production batch (V/C)

<b>Start of Production (SOP)</b>	-	<b>Last Time Delivery (LTD)</b>	-
<b>Effective date (EOP)</b>	2025-10-31	<b>End of Service (EOSR)</b>	-
<b>End of Sales (EOS)</b>	-		

### Short-term change (< 6 months) or discontinuation (< 12 months), due to:

- Software / Firmware Bugfix   
  Short-term delivery stop by supplier   
  Short-term recall by supplier  
 Force majeure   
  Product improvement with customer benefits  
 Others

no product change impact but sustainability and resources (environmental aspect)
