

Product change notification (PCN)

Title / short description	New Tooling with optimized design for injection molding
Affected article category	PCB terminal blocks and PCB connectors
Change category	Form and appearance
Change number	CAA230054-08
Reason for PCN/PDN Revision	Creation

Purpose/objective of the change

Change of the inner PCB terminal block geometries for optimization of injection molding process.

Detailed description of the change

Integration of inner emaciations and new placement of the labeling field to optimize the production process (see the details attached). There will be no seperation on stock regarding old and new versions. There is no mixing of old and new housings within one packaging unit. Our sales team will be pleased to support you with any questions or requirements.
