

Product change notification (PCN)

Title / short description	Implementation of digital documentation and product marking update for the RIFLINE complete series
Affected article category	Relay modules
Change category	Marking, Documentation
Change number	CDK260056-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

The change is made to align product labeling with updated conformity requirements and to improve access to product information.

Detailed description of the change

The conformities and approvals for RIFLINE complete products are being updated. Therefore, the product labeling (printing layout) will be changed.

The EAC and UKCA markings will be removed from the product labeling.

All related information, such as approvals, certificates, and declarations of conformity, will be updated in the e-shop to ensure consistency between the product and digital data.

In addition, a QR code will be added to the product marking. The QR code provides easy access to all relevant documents, technical data, and certificates in one central place.
