

Product change notification (PCN)

Title / short description	PSR Safety Relais: Additional technical changes to the ongoing revision regarding the new Machinery Regulation
Affected article category	Functional safety
Change category	Form and appearance, Production process, Marking
Change number	CDN260030_addition-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

Change in hardware/product revision to ensure availability

Detailed description of the change

Developments in the market for this item have led to a situation where changes to the item's hardware or production process are necessary. For traceability reasons, an increase in the hardware revision is required. The other technical specifications, as described in the data sheets, remain unchanged.

Identifying characteristics

PSR with wide range input: Optimization of the input circuit, laser-printed hardware revision number on the housing +1

PSR FSP / URM coupling relays: Removal of terminal coding, laser-printed hardware revision number on the housing +1

PSR MC38: Removal of terminal coding, terminal color changed to light gray (RAL 7035), laser-printed hardware revision number on the housing +1
