Re: KLDX-SMT2-0202-ATR and KLDX-SMT2-0202-BTR

The plastic material for the above two part numbers will change to LCP for the body and PA9T for the backplate in order to prevent possible blistering due to moisture levels. There are no dimensional changes to the product. We will continue to supply the current part until our stock is depleted.

If you require any additional information or samples, please contact your Kycon sales representative.
