

# Product Change Notice

**To:** All concerned

**From:** Antonio Beasain

**Date:** 28/02/2014 update

**Nº Pages:** 1

**PCN Ref Nº:** PT-15 V with improved (flanged) collector

---

The collector for the PT-15 V model has been redesigned to include a flange near the rotor's hole. This change affords significant improvements in terms of rotational feeling and improved torque & hysteresis. All other product's specifications remain unaffected.

Affected parts, images, drawing and/or specification numbers are listed on this document. In case of any further questions about this change, please contact us.

**INVOLVED ARTICLES:** All PT-15 V models **except V18 and V24**

**REASONS FOR CHANGE:** Improved rotational feeling. More homogeneous torque.  
Improved hysteresis.

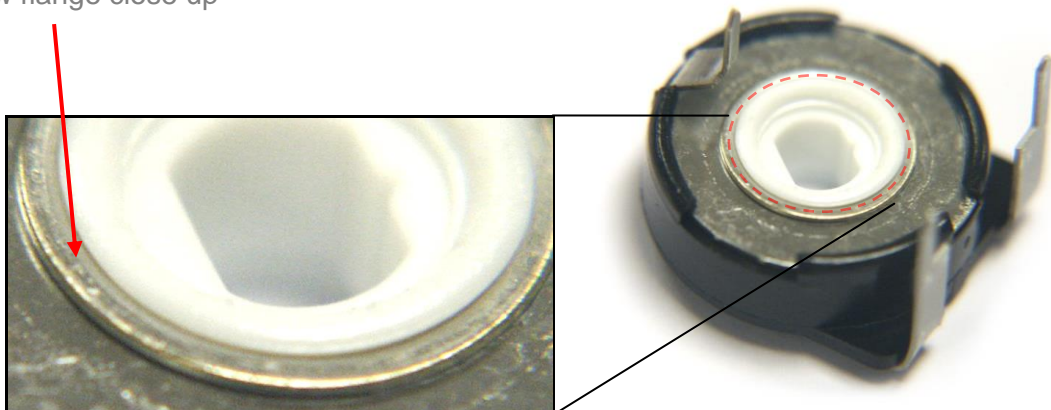

**SAMPLES AVAILABILITY DATE:** 01-03-2014 for linear taper 10K/100K models and rotors L and N. Others upon request (custom drawing).

**FIRST DATE TO SHIP CHANGED PARTS:** 1st July, 2014

**LAST DATE FOR MIXED SHIPMENTS:** till remaining stocks for old parts are finished.
