Product Withdrawal Notice

(Object parts) old leaded MLCC - RPE series & old RDE series

Dear. Valued Customer

Thank you very much for your great and continued support for business with Murata.
This is the official notification that some of our products will be discontinued as detailed below.
Please review this, and place Last Time Buy Order by the Last Time Order Due Date as needed.
Your understanding and support are highly appreciated.

1. Product Type, Customer/Murata/Alternative Part Numbers:

Product Type: Leaded MLCC - RPE series & old RDE series

(1) RPE series (Murata PN start from RPE)

(2) Old RDE series (Murata PN start from RDE and 15th digit is "A" or "C".)

Alternative Type: Automotive appl. is RCE series and non-Automotive appl. is new RDE series

Please refer to the attached documents for detailed Part Numbers' information.

2. Reasons/Background:

Requirement of "Substance of concern" has been increasing.

As old series (RPE & old RDE) do not meet "Lead free(LF)" and "Halogen free(HF)",
we decided to discontinue these old series and switch to new RDE & RCE series
which meet "Lead free(LF)" and "Halogen free(HF)".

High temperature melting solder including "Lead" which RPE and old RDE series contain
will be a RoHS regulation object "Lead" in high probability at next RoHS committee in 2016 .

3. Product Withdrawal Schedule:

Last Time Order Due (*1): Sep., 30th, 2016

End of Production: Dec., 31th, 2016

Last Date of Shipment: Dec., 31th, 2016

*1: Last Time Order is the subject to Minimum order quantity and package quantity.

4. Feedback Due:

Apr., 30th, 2016

In case you need further discussion and/or adjustments with Murata for this Notice ,
please indicate your feedback to Murata in writing by the Feedback Due.

5. Contact Window:

Should you have any questions or concerns,
please contact Murata Sales, Representative, or Distributor in your area.

Truly Yours. Thank you.
